Subject: RE: Gorge Dam Removal/Front Street Bridge

Mary Beth and Chris – After talking with our bridge engineering team, we plan to submit a draft analysis report on Friday March 19.

Cheers!

Bill

Mary Beth and Chris - I'm checking with our bridge engineering team on when they think their analysis will be complete. I'll let you know what they say as soon as they get back to me.

Cheers!

Bill

Hi Jacobs team and Heather,

Please see e-mail from Chuck below. I'd like to get back to him by the end of the month with an estimated timeframe.

Heather – are you available next Tuesday the 23rd at 11am eastern? That is EPA and Jacobs' weekly conference call time slot. If you are available then, we could discuss both team's evaluations and timing.

Thanks. If you can please follow up with the team and ask for an approximate completion date. We have a number of bridge projects going on and I need to advise our bridge staff so they can schedule some time to look at the analysis.

No rush, if you can let me know by the end of the month.

Thanks, Stay safe and warm.

Hi Chuck – I do not have a timeframe for when that analysis will be done but the Jacobs design team is working on the portion related to impacts from sediment removal now.

Mary Beth,

Do you have a schedule on when we'll be receiving a study/analysis for the Front Street Bridge? Thanks.

I am working remotely from home. If you have any questions, please contact me via email or cell. My work hours are M-F; 7:30 AM to 4:00 PM.

Thank You

Charles Hauber, P.E., P.S.
